Sky Relics LLC™ ""Sky relics is a Battlefleet game, where players command fleets of Iron Hulks to do battle in the skies for their Nation or for glory."

20th November 2017, Today Sky Relics LLC Announces the release of a new Fleet Action skirmish level game at 1:2400 Scale Sky Ships set in the Mysterious world of Targus.

This new release from Sky Relics builds upon the history and knowledge of the previous systems and experience, to develop this new and exciting 1:2400 scale navel skyship game. Players begin by placing relevant numbers of highly detailed resin skyships called Sky Relics in place, and through clever manoeuvres and dice rolls attempt to fulfil the objectives of the game or kill their opponents, to determine success or failure.

"We're incredibly excited to be bringing Sky Relic Games' best previous game properties to life in this amazing new venture," said Derek Heath in a press release podcast. "Sky Relics really is made up of very creative types who love tabletop miniature wargames, roleplay games and board games and we are striving to create games that capture the best aspects of all the gaming media to both entertain and develop the game with our fans and backers."

The skirmish rules are designed to be simple to learn but pack hidden layers of complexity and teach new players while allowing more experienced one's opportunities to develop winning strategies through careful manoeuvres and placement strategies. The aim, A high tech fantasy dice game where you Build your fleet and rise up to defeat your enemies in this 2-5 player miniature board game based in the world of Targus. Playing the Game Players take on the role of Ship captains, using the ancient Artefact magic's and technology to control your air ships Ships are represented by highly detailed resin miniatures Each turn players plan their moves and organise their ships in the order they wish to play them.
